Price Detective Checklist

MISSION PRINTABLE

Detective: _____ **Store:** _____

Stay with your grown-up the whole time. Every time you spot a price ending in 99, write it down and round it up to the next whole number.

Example · don't count this row

What is it?	Price	Rounded up	First number changed?
Teddy	*$9.99*	*$10*	*Yes!*

What is it?	Price	Rounded up	First number changed?

99 prices I spotted:

Count them up!

The trickiest price I found:

Ask a grown-up to email it to hello@gritcub.com

Round-It-Up Card CUT-OUT

Ask a grown-up to help you cut out the cards. Keep one in a pocket, wallet or purse, and give the rest to your family.

Round it up!

Mini Moguls

$4.99 → $5

See .99? Say the next whole number!
Then decide: do I still want it?

Price detective

Mini Moguls

$9.99 → $10

See .99? Say the next whole number!
The first number is not the whole story.

Round it up!

The first number is not the whole story.

Make-Your-Own Price Tags CUT-OUT

Write what each thing is and its price. Ask a grown-up to help you cut out the tags and punch a hole in each circle. Then thread string through the hole, or tape the tag on.

Store owner tip: Try a 99 price on some tags and a round price on others. Which ones do your customers notice? And remember, the price on the tag is the price people pay.
